

proposal was not, however, incorporated in the Certificate of Correction of September 19, 2000. This correction is incorporated in this reissue application, and that change is shown by use of brackets and underlining in claim 6.

The changes, to claim 6, are identical to the changes to claim 6 set forth in the Notice of Allowance (a copy of which is attached hereto as exhibit C). In particular, page 3 under the heading "Examiner's Amendment" proposes changes to claim 9 in lines 3 and 4 (claim 9 became claim 6 in the patent). As set forth in the Interview Summary, this change was approved by the applicant.

In addition to making the changes in claim 6 identified above, Applicant has added new claims 9-98 to the application in order to correct the error identified in the reissue declaration.

Early and favorable consideration is solicited.

The Commissioner is hereby authorized to charge any fees, or credit any overpayment, associated with this communication to Deposit Account No. 03-2775.

Description of the general nature of what was agreed to if an agreement was reached, or any other comments:

Examiner proposed to the Applicant's Representative several changes to the independent claims to better clarify how the invention identifies the user's account through the cellular phone identification number which is automatically transmitted every time the phone is activated, thus precluding the need for the user to enter account identification information, only a PIN number when required. Applicant's Representative contacted the Applicant and agreement was reached on the wording for an Examiner's Amendment to Claims 1, 6, and 9 clarifying this feature.

(A fuller description, if necessary, and a copy of the amendments, if available, which the examiner agreed would render the claims allowable must be attached. Also, where no copy of the amendments which would render the claims allowable is available, a summary thereof must be attached.)

1. ☒ It is not necessary for applicant to provide a separate record of the substance of the interview.

Unless the paragraph above has been checked to indicate to the contrary, A FORMAL WRITTEN RESPONSE TO THE LAST OFFICE ACTION IS NOT WAIVED AND MUST INCLUDE THE SUBSTANCE OF THE INTERVIEW. (See MPEP Section 713.04). If a response to the last Office action has already been filed, APPLICANT IS GIVEN ONE MONTH FROM THIS INTERVIEW DATE TO FILE A STATEMENT OF THE SUBSTANCE OF THE INTERVIEW.

2. ☒ Since the Examiner's interview summary above (including any attachments) reflects a complete response to each of the objections, rejections and requirements that may be present in the last Office action, and since the claims are now allowable, this completed form is considered to fulfill the response requirements of the last Office action. Applicant is not relieved from providing a separate record of the interview unless box 1 above is also checked.

Examiner Note: You must sign and stamp this form unless it is an attachment to a signed Office action.
